4. Membership Practices of Social Fraternities and Social Sororities

4.1. Fraternities and Sororities Exemption:

Title IX does not apply to the membership practices of a social fraternity or social sorority if the active membership consists primarily of students in attendance at an institution of higher education and the fraternity or sorority is exempt from taxation under the Internal Revenue Code. 20 U.S.C. §1681(a)(6)(A); 34 C.F.R. § 106.14(a). All other programs and activities of social fraternities and sororities are governed by Title IX if they receive any Federal financial assistance.

Professional fraternities and sororities and service and honor societies are subject to the requirements of Title IX and may not exclude members on the basis of sex. 34 C.F.R. § 106.31(b)(7). An affirmative answer to any of the following questions is evidence that the organization is professional, service, or honorary in nature and not a social fraternity or sorority for Title IX purposes.

1. Is the organization's membership limited to persons pursuing or having interest in a particular field of study, profession, or academic discipline?
2. Is the membership limited to individuals who have a high level of achievement in scholarship or any other endeavor?
3. Are the members permitted to hold membership in other fraternities or sororities at the same level of education?
